

[G-1] THE PROPHETIC CALENDAR

{www.TheWordNotes.com}

Notes on Construction of the Prophetic Calendar:

1. This calendar is based on a **360 day year** which is indicated in Gen. 7-8 as the original time period of the first calendar. See [How Long Was A Day In Genesis](#)
2. The feasts and holy days are based on Lev. 23-25.
3. The number of days counted: 2300; 1335; 1290; and 1260; come from Dan. 8:14; 12:12; 12:11; 12:7; and Rev. 12:6,14 respectively.
4. The last seven year time period is based upon Dan. 9:24-27.
5. The Year of Jubilee is based upon Lev. 25.
6. The month designations are Jewish but the calendar differs from the modern Jewish calendar in the following ways:
 - a. This calendar begins the year with the month Nisan (March-April) which is the first month of the year according to Lev. 23. The modern Jewish calendar also refers to Nisan as the first month, but not as the first month of the new year! (Rosh Hoshanah) Modern Jews celebrate Rosh Hashanah (New Year) in the seventh month (Tishri.) The original calendar supposedly began in September-October {Tishri} but was changed by the Lord's command in Exodus 12:2
 - b. This calendar makes no provision for leap days, leap months, or leap years since these are not provided for in Scripture.

WHY THIS CALENDAR WAS CONSTRUCTED IN THE FIRST PLACE!

This calendar was constructed as a result of personal studies in Biblical prophecy and the inspiration that significant events in Christian history have coincided with the feasts and holy days ordained by God in Lev. 23-25. Note that **these holy days are not the Jews' holy days, but God's holy days.** (Lev. 23:2) From the Christian perspective we know that our Lord was slain as the 'Passover Lamb' without blemish (Lev. 23:12; I Cor. 5:7) at the required time of the **Passover.** (Mat. 26f; Mark 14f; Luke 22; John 13f) We also know that our Lord arose from the dead on the day after the Sabbath following the **Passover** as the **first fruits** unto the Lord. (Mat. 28; Mark 16; Luke 24; John 20; Lev. 23:11; I Cor. 15: 20) that we might be acceptable before the Lord (Lev. 23:12; Rom. 3:21-26; 8:1-14.) We are further aware of the fact that the out-pouring of the Holy Spirit at **Pentecost** (Lev. 23:15-17; Acts 2) was also significant and the same holy day that the Jews received the Law of Moses following their exodus from Egypt. See [Fulfilled Holy Days](#).

The results of this insight led me to connect the **Passover** during the Jewish flight into the wilderness from the pharaoh with the future Jewish flight into the wilderness from the anti-christ. (The length of time for the latter, future event is given as **1260 days** according to Rev. 12:6,14 and Dan. 12:7) Since 1260 days is exactly **3 1/2 years on a 360 day calendar** I decided to create a seven year calendar, place all the holy days upon it and in the middle of the seven year calendar on the **Passover** place the number **1260 days.** From this point I counted downward to day one and upward to day **2300.** Day one turned out to be the day before the **Feast of Tabernacles** of the seventh year! (The Feast of Tabernacles is called the Feast of the Lord in Lev. 23:39) (See also Is. 25:6-12.) Immediately I was reminded of Rev. 19:9- "Blessed are those who are invited to the marriage supper of the Lamb."

But this is only the beginning of the discoveries. Upon counting upward to **2300 days** I discovered that the **day 2300** {when the treaty is signed by the anti-christ} occurs **10 days before Pentecost** during the first year. At first I didn't associate that day with any important day so I recounted the days to be sure no error had been made. Finally satisfied that no errors had been made I remembered that something very important did occur **10 days** before Pentecost. **Our Lord ascended into heaven on that day!** (See Acts 1.)

In this scenario the last seven years would have to begin with day **2520** also starting with the **Feast of Tabernacles** before the beginning of the seven years! [Seven complete years of 360 days is 2520 days.] The two witnesses of the Revelation witness for **1260 days** and are killed by the anti-christ **1260 days** before Armageddon. So they would have to begin their testimony on a **Feast of Tabernacles** before the last seven years.

Scenario #2

Later, I realized there is also another scenario with the **360 day calendar**.

If the last seven years [**day 2520**] begins with **Nisan 1** and the two witnesses begin their ministry **at that time**, the **2300 day** count {when the treaty is made} would be on a **Yom Kippur**, the abolition of the sacrifices on **day 1290** would be on a **Purim**, the two witnesses would be killed on a **Rosh Hashanah**, and Armageddon would end on the last day of the twelfth month [Adar 30] at the end of the seven years.

=====

I added three and a half years to the beginning of the last seven years to see where the **day 1335** of Daniel would fit, but have found nothing of significance.

=====

There is nothing in either calendar scenario that suggests when the **Rapture** could occur, but we know it must occur **before or when** the two witnesses **begin their testimony**. Nor does either scenario suggest when the **Russian invasion** of Israel will occur, but it also must take place **before the two witnesses begin their testimony**.

I do need to emphasize that no calendar in existence today has 360 days in a year!

I have done a computer analysis checking when each of the **numbers of Daniel** might occur on the **modern Jewish calendar**. The volume of data was so overwhelming that I have not done anything with it except to see that the data does not appear to follow either of the above scenarios! It is posted on my website so anyone interested can view the data for themselves.
